GLOSSARY

Credit..

...refers to loans and advances extended to clients.

Deposit-taking Institutions (DTIs)...

... refers to Commercial Banks, Building Societies and Merchant Banks.

Digital Payments...

...refers to an electronic payment that occurs through digital or online means without the payer or payee physically exchanging cash. The device to initiate the payment includes a computer, a mobile phone, or Point of Sale (POS) device, while the payment instrument includes an e-money product, payment-card product, credit/debit transfer, or other innovative payment products.

Dormant Savings Accounts...

... refers to savings accounts showing no deposit or withdrawal activity (other than posting interest) for a period specified by a DTI not being less than six calendar months.

Mortgage...

... refers to loans granted by the reporting institutions for the acquisition/improvement of real estate.

MSMEs...

... refers to micro, small and medium sized businesses. The definition for this classification are standardised by Jamaica's Ministry of Industry, Investment and Commerce. See *classification [here](#)* (Page 4).

Savings Account...

... refers to interest bearing deposit accounts that are not withdrawable by cheques or held for any fixed period to maturity. Funds can be deposited or withdrawn at will or at the discretion of the account-holding institution.
